STATE OF ALABAMA

DEPARTMENT OF INSURANCE

135 SOUTH UNION STREET
MONTGOMERY, ALABAMA 36130

MIKE WEAVER
COMMISSIONER OF INSURANCE

September 1, 1989

Honorable Guy Hunt
Governor of Alabama
State House
Montgomery, Alabama 36130

Dear Governor Hunt:

On behalf of the Department of Insurance, it is my privilege to present to you our Annual Report for 1988.

As required by Section 27-2-9, Code of Alabama 1975, pertinent data on all insurance companies authorized to transact business under the regulatory authority of the Department of Insurance is duly documented.

The statistical data used in the financial section of this report comes directly from Annual Statements filed by the various companies, without audit or verification.

The "Summary of Operations" section outlines some of the important activities performed by this Department in 1988.

Respectfully submitted,

Mike Weaver
Commissioner

MW:dkh

Summary of Operations

The insurance business in Alabama increased in Alabama during 1988 with Alabamians paying \$5,518,558,508 in premiums for all types of insurance, an increase of approximately 5.3%. The 1988 growth rate may be compared to 3.0% in 1987, 16.6% in 1986, 12.9% in 1985, 13.2% in 1984, 6.3% in 1983, 10.3% in 1982 and 4.1% in 1981.

Premiums collected by property and casualty companies increased by 3.9% to \$2,254,132,000 from the previous year, and the direct premium and annuity consideration for all life companies increased by 4.0% to \$1,364,127,000. Accident and health premiums totaled \$1,864,681,000, an increase of 10.8%. Title insurance premiums totaled \$15,944,495.

In 1988, the insurance industry paid to the Department \$139,420,922 in premium taxes and fees. Of this amount, \$107.9 million was deposited to the General Fund, and \$27.8 million to the Special Education Trust Fund.

Statistical data covering insurance premiums and losses are for calendar year 1988 and are compiled from data furnished by the Central Office of the National Association of Insurance Commissioners. Information regarding premium taxes and fees collected by the Department and Departmental disbursements is for the calendar year October 1, 1987 - September 30, 1988.

The Insurance Department consists of six operational divisions: Agents' Licensing and testing, Consumer Services, Insurance, Receivership, Legal and Financial Examination. Also a part of the Insurance Department is the State Fire Marshal's office. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Tax Force.

Alabama's insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life, accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life, accident and health insurance, except for certain Blue Cross - Blue Shield policies and Medicare supplement policies. Most property and liability rates are subject to the Department's approval. Services of consulting actuaries are obtained, when needed, to assist the staff in the evaluation of those rate filings requiring regulatory approval.

RALPH A. BLYTHE, JR., CIC

STATE FIRE MARSHAL
JOHN S. ROBINSON

AREA CODE 205 - 269-3575

May 8, 1989

Mr. Mike Weaver
Commissioner of Insurance
Department of Insurance
Montgomery, Alabama 36130

Dear Sir:

In accordance with Section 36-29-26, Code of Alabama, 1975, the annual report of the State Fire Marshal's Office is respectfully submitted.

During the calendar year 1988, several important events took place which affected the State Fire Marshal's Office. Most were pleasant, however, one was not, that being the retirement of Mr. Roy L. Thornell. Mr. Thornell served the state of Alabama in various positions for over 37 years, always attempting to give his best for the people he served. His presence is greatly missed, but his wisdom and integrity will always be present and remembered.

Through your efforts this division was able to begin replacing equipment, some of which was over thirty years old and totally outdated. Additional equipment, which has been needed for many years, has and is being purchased to enable the employees of this division to do their work.

Efforts were initiated to fill several positions which have been vacant for a number of years. This was an absolute necessity if this division of the Department of Insurance was to provide the services mandated by state law.

We found no relief from the increasing number of fire deaths which we have experienced since 1985. From 98 deaths in 1984 to 181 in 1988, we have experienced an 85% increase over the past 5 years. Efforts are underway by this office, the Alabama Department of Forensic Sciences, and others to identify the causes and to initiate actions to decrease this type death. Children, particularly those ages 1 to 5, continue to represent a significant number of those dying in fires and in 1988 this group experienced 18% of the deaths.

This division began seven hundred forty-six (746) investigations last year of which 203 were continuing at the end of December.

Of the remaining 543, 180 are known to be accidental, 144 were cause undetermined and the remaining 219 involved known criminal activities.

A total of 119 arrests were made last year, 61 convictions were obtained and 56 cases are pending further action by the courts.

Five hundred sixty three (563) general inspections were conducted as were six hundred six (606) fireworks inspections. We were able to review one hundred forty-eight (148) sets of building and sprinkler plans, however, we have had to curtail all plans review due to a lack of trained personnel to continue this vital work. We receive requests daily to do plan reviews, however, due to the present situation, we are faced with numerous buildings being built throughout the state where no one has reviewed or approved plans.

One hundred thirteen (113) sprinkler contractor permits and eleven hundred eighty (1180) fireworks permits were issued. The sprinkler permits generated \$11,300 and the fireworks permits \$121,825.

Through your leadership we have been able to address two of our most serious problems, the need for equipment and adequate staffing. Protective clothing, cameras, tools, radios, pagers, and other equipment essential for everyday work has been in short supply for many years, however, through your efforts each employee has been able to receive what they need. The development of a register for Deputies State Fire Marshal took longer than expected, however, this obstacle has been overcome and we are working toward our goal of reaching full staffing within the next year.

We are working on plans for a free school to be conducted by the National Fire Protection Association regarding code enforcement. This school will be open to all of the deputies and other code enforcement people we invite. The normal fee for this type school is in the neighborhood of \$200 to \$250, which represents a considerable savings.

We are working to bring sniffer dogs on board which will greatly enhance our arson prevention and investigation programs. These will be the first of their kind in the southeast and are expected to accelerate our conviction rates while reducing our incidents of arson. These dogs will be cross trained to locate bodies and will be used whenever needed for locating human remains in fire or explosion scenes.

The Department of Forensic Sciences is working with this division to obtain a fire injury/death investigation grant which we feel will help in identifying target areas where public education is

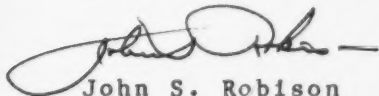

needed to reduce both injuries and deaths. We are requesting assistance from the State Department of Education and the Department of Human Resources to disseminate information to school and preschool age children as they suffer the largest death rate from fires in Alabama.

As we move forward during the next year I am continuing in my efforts to develop a workable inspection program utilizing non-law enforcement personnel. This will enable us to provide more timely inspections and investigations, and concentrate training for each employee on one, not two, disciplines. It is a fallacy to try to make employees experts in two different lines of work and generally results in frustrating everyone.

I can not adequately express my appreciation for the other employees of this division. They are obviously not afraid of work, nor long hours, but continue to give whenever called upon. This department is fortunate to have a group of this caliber working together and I see many good years ahead for us.

On behalf of all who work in this division let me again thank you for your help, support and encouragement. You have made a dramatic difference and we appreciate all you have done.

Sincerely,

A handwritten signature in dark ink, appearing to read "John S. Robison", followed by a horizontal line.

John S. Robison
State Fire Marshal

JSR/kks
